This year's South Australian Clean Up Australia Day event, organised by KESAB, was launched today by EPA Chief Executive Dr Paul Vogel at the National Train Museum, Port Adelaide.

Clean Up Australia Day will be held on Sunday 5 March.

More than seven million Australians have now volunteered their time since 1989 to help make a difference to their own local environment.

In the past 16 years, Australians have devoted more than eight million hours towards the environment through Clean Up Australia Day and collected over 200,000 tonnes of rubbish.
