## **ENVIRONMENT PROTECTION AUTHORITY**

---

16 March 2009

### **Governance and Financial Expert Joins EPA Board**

An independent consultant and academic, with extensive experience in management and finance, has been appointed to the Environment Protection Authority Board.

Presiding Member Cheryl Bart said the appointment of South Australian Jane Yuile to the Board gives it greater access to advice on issues relating to governance and finance.

"Jane will play an important role on the Board as it deals with issues such as cooperative environmental regulation, protecting the quality of water resources and the efficient use of resources.

"I'm sure having someone with so much private and public sector expertise will make a significant contribution to the Board and the EPA in general."

Jane Yuile has a Bachelor of Science, Master of Business Administration and is a member of the Institute of Chartered Accountants and the Australian Institute of Company Directors.
